American Public Works Association
NEW YORK CHAPTER

- Outstanding career service achievements of solid waste management professionals;
- Outstanding career service achievements of public transportation professionals; or
- Outstanding accomplishments or achievements by individuals providing management in the field of water resources.

Open to Entire Profession:

Citation for Exemplary Service to Public Works – To recognize a non-member of APWA who an eminent government or other public service leader for their far-reaching, positive impact on is local, state, or national public works programs, services, or policies.

Diversity Exemplary Practices Award – To recognize individuals and organizations that have made outstanding contributions to diversity. APWA defines diversity as follows: Value of all individuals and different perspectives of those individuals and providing the process for all to feel included as part of the whole.

Excellence in Snow and Ice Control Award – Established to promote excellence in the management and administration of public works snow and ice operations, including promotion of best practices in snow and ice removal minimizing environmental impacts.

Exceptional Performance Awards – Established to recognize individuals, teams, or organizations in the face of unusual adversity and public safety concerns whose contribution in the course of performance raised the level of public awareness of the profession.

Public Works Leader of the Year – Public Works Leader of the Year seeks to inspire excellence and dedication in public services by recognizing the outstanding career service achievements of individual public works professionals and officials from both the public and private sectors. The primary focus of the award is on career services to the public works profession rather than on any one event or project. Individual candidates must have a minimum of 10 years' experience. (APWA national membership is not required).

Sustainability Practices Award – To recognize individuals, teams, or organizations that have made outstanding contributions to promote sustainability in public works. Sustainability is accomplished by the efficient delivery of infrastructure in an environmentally and socially responsible way that ensures the best choice in the long term.

Management Innovation Award / Technical Innovation Award – To recognize an individual, team, or organization for the development, management, and implementation of a creative idea, device, process, or system that enhances the goals of public works in serving the public and protecting the environment. Awards can be in the management or technical category.

Elected Officials Award – This award honors an active legislative or administrative individual who recognizes and supports the need of public works officials and their programs.
